MASONRY CONSTRUCTION

PRINCIPLES OF CLEANING & PROTECTING BOTH HISTORIC & NEW CONSTRUCTION

Presented by Al Morris & Sarah Hunter from PROSOCO

Thursday, September 22nd at 5:30 pm

Center for Architectural Design
14 East Peace Street, Raleigh, NC 27604

COST: Attendance is free! Online registration is required. www.bec-rt.org/cal

LEARNING UNITS: AIA: 1 LU/HSW/SD
Certificate by request

PRESENTERS: Al Morris, National Sales Manager, PROSOCO
Sarah Hunter, CPG Preservation Specialist, PROSOCO

PRESENTATION SUMMARY: Presentation will cover the principles of cleaning and protecting new & historic masonry construction. Hunter will provide an overview of substrate identification, discuss typical staining & soiling, and provide guidance on restoration cleaning of historic masonry facades. Morris will discuss protocols for cleaning new masonry construction and technologies for protective treatments. Participants will learn procedures to develop their cleaning campaign and plan for continued maintenance of their masonry construction.
